PBS Video Collection: Fifth Edition

This collection of **more than 1,600 streaming videos** provides an exceptional range of content with the most valuable video documentaries and series from PBS. From science to history, art to Shakespeare, diversity to business & economics, the **PBS Video Collection: Fifth Edition** is a comprehensive resource of high-use, high-value video, to be used in teaching and learning.

Territorial rights on select titles are also available in Australia, New Zealand, Europe and United Kingdom. Check title list for specific titles available in your region.

Key Features

- Provides access to one of television's most trusted networks.
- Comprehensive, multi-disciplinary coverage across STEM, humanities, social sciences, and performing arts.
- Collection will continue to grow, into 2026, adding 200+ new titles annually.
- Multiple acquisition models available: subscription and life-of-file ownership. Libraries can secure perpetual ownership and be confident in providing faculty permanent access to beloved titles embedded in syllabi.
