ALEXANDER STREET

ALEXANDER STREET USAGE STATISTICS SITES

SUMMARY OF DIFFERENCES

The table below is a quick breakdown of the differences between the two Alexander Street usage statistics sites in some key areas. For more detailed information about the two sites, please see *Quick Reference Guide: Usage Statistics — Legacy Platforms* and *Quick Reference Guide: Usage Statistics — New Interface.*

	LEGACY STATS SITE Usage on old interfaces (April 2009 – present)	**NEW STATS SITE** Usage on new interface: http://search.alexanderstreet.com (January 2014 – present)
DATA RELEASE	Data released monthly (typically within 2 weeks of month's end)	Data released nightly, so data is as recent as the previous day
COUNTER COMPLIANCE	Not fully COUNTER compliant	COUNTER 4 compliant
REPORT DATA	ASP reports include sessions, average session time and turnaways	Session and turnaway data not required by COUNTER 4 so not added to any reports
TITLE-LEVEL SEARCH	No title-level reports	Title-level playback reporting available
SUSHI FEEDS	No SUSHI feeds offered	Ability to enable SUSHI available
